

Transaction liability private enterprise

About TLPE

Transaction liability private enterprise (TLPE) insurance protects sellers against liabilities as a result of an inaccuracy in a representation or warranty given by the seller to the buyer in connection with the sale of a micro or small target (asset or company) (i.e. targets with an enterprise value of between \$250k and \$20m). TLPE also covers defense costs. Please note, only sellers (or individuals giving representations and warranties) can be insured under a TLPE policy – a buyer cannot be insured.

We can issue a bindable TLPE policy in as little as 24 hours upon receipt of this application, the required materials and any follow-up underwriting questions being satisfactorily answered.

For the purposes of this application, "target" means the target, asset or company which you are selling.
